## Mec signo Fortuna.

BALTIMORE—THURSDAY, NOVEMBER 24, 1825.

*In part of the early impressions of the last Register, owing to the haste of publication, some few errors occurred (though not important) in the list of the drawing. We therefore republish it, corrected, in this day's Register.*

## Distribution of the Prizes.

We have not yet been favored with permission, to announce the names of the fortunate owners of the capitals drawn in the GRAND STATE LOTTERY on the 9th inst.—therefore at present we can only say that the 30,000 dollar capital is owned in Boston—the 10,000 in Providence, Rhode Island, and the 5000 in Hartford, Connecticut. The former and latter have already been presented, and the CASH IMMEDIATELY PAID. The 10,000 we expect to have the pleasure of announcing the payment in our next; the CASH is waiting the call of the fortunate holder. The *Thousands and Minor Capitals* were variously distributed. The large capitals it will be noticed, fell this time amongst the Northern and Eastern adventurers, who had heretofore made some wry faces at the want of notice from dame Fortune, while she so bounteously favored our friends in the South. The next distribution, for the 15th February, where the great and splendid capital of ONE HUNDRED THOUSAND DOLLARS—with others of 30,000—20,000—10,000—5000, &c. offer such superior attraction, we shall wait with some anxiety; and anticipate the pleasure of announcing the favors of the goddess to our friends in every section of the Union.

It will be recollected that the last HUNDRED THOUSAND DOLLAR PRIZE drawn, we divided and sold in *One Half and Two Quarters*, and as the amount of the Capital prize in the present GRAND STATE LOTTERY is of the same magnitude, we should again be pleased to announce a division of so large a sum, though should it so happen, we should with equal pleasure announce the magnificent sum to an individual adventurer, and we have only to add that in either case, the CASH as usual at COHEN'S OFFICE, will be found ready the moment it is drawn.

## Tickets only Ten Dollars.

The magnitude of the Capital Prize of ONE HUNDRED THOUSAND DOLLARS in the GRAND STATE LOTTERY of Maryland, compared with the very low rate of Tickets, and the short time previous to the time of drawing, combined, have caused an unexampled demand for the Tickets—for a short time the present rates will continue, viz:

Whole Ticket, \$10 may produce 100,000 dollars.  
Half, - - - - \$5 may produce 50,000 dollars.  
Quarter, - - - \$2½ may produce 25,000 dollars.  
Eighth, - - - \$1¼ may produce 12,500 dollars.

ORDERS from any part of the United States or Territories, enclosing the cash or prize tickets in any of the Lotteries, will meet immediate attention as heretofore, addressed to

J. I. COHEN, JR. &amp; BROTHERS.

For the convenience of our friends in the States of South Carolina, Georgia, Alabama and other parts adjacent, we have established an office in the City of Charleston at No. 16 Broad Street, directly opposite the Bank of the State, where all business connected with Lotteries and Exchange, will meet our accustomed prompt attention and despatch.

## A good Beginning.

Our Office at Charleston has already had an opportunity of accommodating our friends in the South by the prompt payment of prize money, without the delay which heretofore was necessarily required in transmitting their tickets to Baltimore. The instance is this—No. 19718 which came out a prize of ONE THOUSAND DOLLARS on the 9th inst. in the Grand State Lottery, was held in that city, and in a few minutes after the list of drawing was received on the 16th, the fortunate holder was in possession of the CASH—it being instantly paid on presentation of the ticket.

## New and Magnificent Scheme.

We this day continue on the opposite page, the handsomest and comparatively most brilliant scheme ever offered to the public—we solicit the attention of our friends and adventurers—it will be found detailed at large—price of tickets only *Ten Dollars*, and the capital prize of the immense magnitude of ONE HUNDRED THOUSAND. In this City, the scheme has been published only a few days, and the demand is unprecedented—the price will soon be advanced to Twelve Dollars.

It will be noticed that the scheme is not arranged on the Odd and Even system, and which we in some measure regret, considering the very great and increasing popularity of that mode of drawing—the cause of the change is in consequence of the wishes of numerous of our correspondents and customers in various parts of the Union, to have a prize of ONE HUNDRED THOUSAND DOLLARS, but which we could not have made on the Odd and Even plan, owing to our being limited in the amount of capital, as the sum of 308,000 dollars, which composes the scheme, is the whole extent of the privilege remaining for the present year; it is evident therefore, that we could not offer a capital prize of the magnitude of *One Hundred Thousand Dollars*, unless we had reduced the small prizes too much, and which, if we had done so, would have increased the risk to adventurers too high. We therefore, with this explanation, present the very splendid scheme on our 3d page.—For the next ensuing Lottery, however, it is intended to continue the Odd and Even system in a scheme of superior brilliancy.

Agreeably to the promptness which (we may be permitted to say) has always characterised our Office, the CASH for the whole of the prizes, can be had THE MOMENT THEY ARE DRAWN.

ORDERS from any part of the United States or Territories, enclosing the cash or prize tickets in any of the Lotteries, will meet immediate attention as heretofore, addressed to

J. I. COHEN, JR. &amp; BROTHERS.

LA FAYETTE.—Arrival of the U. S. frigate *Brandywine* at Havre, and Landing of General Lafayette in his native country.

By arrivals at New-York and Charleston, from Havre, French papers to the 12th Oct. are received—they contain the welcome intelligence of the arrival of the United States' Frigate *Brandywine*, carrying General La Fayette and Suite, at Havre on the 4th of October, in 23 days passage from the Capes of Virginia. The *Journal du Commerce*, of the 7th October, says: "The American Frigate *Brandywine*, of 60 guns, arrived in Havre Roads on the 4th; the next day she came close to the town and exchanged salutes; after which she placed the General and suite, at 3 o'clock, on board the Steam Boat *Duchess of Angouleme*, and he immediately repaired to the residence of M. Delaroché. A great concourse of people were collected

on the north west pier, and the General was received in the most flattering manner. The family of Lafayette, which had been for some days previous at Havre, went to receive him on board the American frigate."

The General left Havre on the 6th of October for La Grange, and was accompanied on his route for two leagues, by a numerous cavalcade of young men of the first families of Havre and its neighborhood.

## Summary of Intelligence.

MASSACHUSETTS.—A great fire in Boston on the 11th inst. it broke out in a Hatter's shop and in about 2 hours a large number of commodious and elegant edifices were reduced to a pile of smoking ruins—the principal sufferers are Wells and Lilly, booksellers, whose loss was estimated at 50 to 80,000 dollars. A meeting had been held in Boston for the purpose of establishing an Annual public sale, and Exhibition of Domestic Manufactures.

CONNECTICUT.—In the course of 56 years, this state has had but nine different governors, and out of only six families, 3 of the governors being the sons of those who had previously served. The bills of the Eagle Bank of New Haven are selling at the rate of 30 to 40 cents in the dollar.

NEW YORK.—It is stated that at least 5 millions of dollars of Cotton bills of exchange have been returned from England under protest and all of which being liable to 20 per cent damages, operates as an additional loss of a million of dollars to the drawers.—The Banks of the city have again determined not to receive the notes of any of the country Banks, which are not regularly redeemed in the city. The Canal celebration expenses of the corporation amounted to 2500 dollars. Kean the actor, made his appearance at the Park Theatre on the 14th—the play passed off amidst noise and confusion and not a word of it was heard—he however the next day apologised for the indiscretions of his previous conduct, and throwing himself at the mercy of his opponents, he was tranquilly received on the subsequent evening and greeted with applause.

NEW-JERSEY.—The Legislature are in session and numerous applications made for Bank charters—in the face of which, the Lombard and Protection Bank suspended its payments on the 19th inst. The Treasurer of the State reported a balance of 118,561 dollars in his hands at the end of the fiscal year.

PENNSYLVANIA.—In Philadelphia upwards of 40 courses of lectures on various subjects, will be delivered during the winter. The Franklin (Mechanics) Institute, have engaged professors of chemistry and National History, and also on Mechanics in general. A Mathematical and Drawing School is attached, to all which, Youths and Apprentices are admitted on payment of One Dollar.

MARYLAND.—The completion of the Battle Monument in the City of Baltimore, was celebrated on the 7th inst. The plan of the Monument is by Maximilian Godefroy, Esq. and is of white marble; a colossal female figure surmounts the fasces which form the principal part; the statue and basso relievos were executed in Baltimore, by Capelano, who is now engaged at the Capitol of Washington.—Arrangements are making for the establishment of a Mechanic's Institute intended for the promotion of science and the mechanic arts.—A new line of steam boats is preparing to run between Baltimore and Philadelphia; it is establishing by a company with a Capital of 250,000 dollars in shares (5000) at 50 dollars each.

### MODE OF DRAWING:

The Numbers will be put into one wheel as usual—and in the other will be put, the Prizes *above* the denomination of Ten Dollars, and the drawing to progress in the usual manner. The 10,500 prizes of Ten Dollars will be awarded to the tickets, the numbers of which end with the terminating figure of either of the three first drawn numbers from the wheel of *different* terminations.

To illustrate which, suppose that 13,562 be the first drawn number, then every ticket in the Lottery ending with the figure 2, will be entitled a prize of Ten Dollars—then suppose that No. 8,365 be next drawn from the wheel, then all the tickets ending with 5, will also be entitled to a prize of Ten Dollars each—and in like manner, suppose that No. 29,368 be the third drawn from the wheel, then all the tickets in the scheme ending with the figure 8, will also be entitled to a prize of Ten Dollars each.

This mode of drawing will permit the whole Lottery to be completed in One Drawing, and a ticket drawing a superior prize will not be restricted from drawing an inferior one also.

Those Numbers to which no prizes are affixed are prizes of *Five Dollars* each—those ending with either 2, 4, 6, 8, or 0, being even numbers, are entitled to *Four Dollars* additional, being equal therefore to *Nine Dollars* each.

☞ All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

## No. 11,258, an Even Number,

Having drawn the Capital Prize of THIRTY THOUSAND DOLLARS, agreeably to the scheme, *every Even Number* in the Lottery is entitled to a prize of *Four Dollars*, and in addition to whatever sum any of them may have drawn besides.

**All Tickets therefore, with Numbers ending with 2, 4, 6, 8, or 0, are those entitled to the \$4 Prize.**

☞ Many tickets, consequently, have obtained TWO PRIZES EACH! for example, No. 5716 (see list above) having drawn *Ten Dollars* and being an *Even Number*, is entitled to a prize of \$4 also, therefore No. 5716 will receive *Fourteen Dollars*, &c. Again, No. 18780 (see list above) having drawn a prize of *Fifty Dollars*, and being an *Even Number* is entitled also to one of the \$4 prizes, consequently No. 18780 will receive *Fifty Four Dollars*, and so on.
